What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels, (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glycerin extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

THE UNITED STATES AND CHINA

The speech delivered by Secretary of War Taft at Shanghai, on the occasion of his entertainment there, has created more interest among the native officials of Peking than any outside event since Japan brought about the deposition of the Emperor of Korea and practically seized the administration of that country. High Chinese officials, who regard the going of the American battle ship squadron to the Pacific as a project of good, if mysterious, augury, are disposed to interpret the utterances of Secretary Taft as meaning that the attitude of the United States in the far East, so often reiterated and now accepted at Shanghai, is to be backed up by the presence of the fleet in the Pacific.

Secretary Taft's speech was very slow in being published in the native press of Peking, but it has now been digested, and there is no doubt Chinese of high standing are pleased with it; they welcome anything that promises even the slightest relief and disgression from the exactions of Japan.

A Chinese official of the State board, discussion Secretary Taft's speech, said yesterday:

"Secretary Taft's declarations are excellent. His assurances that it is the intention of the United States to retain the Philippine Islands, as well as that the interest of America in China is that of a neighbor, will have a more far-reaching political effect in Peking than the intimation that the American government will support the aspirations of American traders for the maintenance of the 'open door.'"

ENTERTAINS COLORED BISHOP.

Bishop and Mrs. Potter, of New York, who are occupying residence 600 west Franklin street, Richmond, during the general convention of the Protestant Episcopal Church, yesterday evening entertained at luncheon Bishop Ferguson, of Liberia, the only negro entitled to a seat in the House of Bishops. The action of Bishop Potter in thus receiving a colored man into his home on social equality and breaking bread with him at his table is arousing vigorous criticism, as the occurrence took place in the heart of the South, where racial lines are more strictly drawn than in other sections, and in a house where such an entertainment could not have occurred during its occupancy by its owners. The matter is considered by the general public as a slur upon the South, the hospitality of which Bishop Potter is accepting.

Bishop and Mrs. Potter and Dr. Huntington, of New York, entered a carriage with Bishop Ferguson and were driven to Bishop Potter's residence, where dinner was served. A telephone message to the house, with a request to speak to Bishop Ferguson, elicited the information that he had finished dinner and gone back to his hotel. Bishop Ferguson left word at his hotel that he would not return for dinner. This is the only occasion of Bishop Ferguson being entertained socially in Richmond. There were no other guests present, so far as can be learned.

PLANS OF THE WABASH.

It is said in Washington that the Gould system, which controls the Western Maryland Railroad, and is to have its transcontinental terminal at Baltimore, is to have direct connection with the capital city in the near future. The Wabash system, according to statements in certain quarters, will obtain its connection with Washington by way of the Virginia shore of the Potomac. The Western Maryland will be connected with Washington over the tracks of the Great Falls and Old Dominion electric railway, which now extends from the terminal of the Capital Traction Company, in Georgetown, to the Great Falls of the Potomac, fourteen miles from Washington. The Old Dominion line is one of the most substantially built electric railways in the country. It crosses the Aqueduct Bridge from Georgetown to Rosslyn, in Alexandria county, and then follows the Virginia shore of the Potomac to Great Falls. An extension will be constructed to connect the Old Dominion road with the Western Maryland. The Old Dominion is now used by both trolley and steam trains. It is also said that the Wabash will build a railway terminal near the Virginia end of the Aqueduct Bridge, at Rosslyn, with a fine passenger station, in front of which there is to be a plaza. There will be ample freight facilities.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists, 50c.

SATURDAY EVENING, OCT. 19, 1907.

CONCERNING the entertainment of a colored bishop at a dinner in Richmond yesterday by Bishop Potter, of New York, a dispatch sent out from Richmond says:

Bishop and Mrs. Potter, of New York, who are occupying the residence at No. 600 West Franklin street during the General Convention of the Episcopal Church, Friday evening entertained at luncheon Bishop Ferguson, of Africa, the only negro entitled to a seat in the House of Bishops. The action of Bishop Potter in thus receiving a colored man into his home circle on terms of social equality and breaking bread with him at his table, commands special consideration because of the fact the occurrence took place in the heart of the South, where racial lines are more strictly drawn than in other sections, and in a house where such an entertainment could not have occurred during its occupancy by its owners. While the dinner in honor of the African Bishop was quiet, it has been the occasion of considerable comment and will undoubtedly meet the condemnation of the southern bishops and delegates when it becomes generally known. The matter is being considered by the general public as a slur upon the South, the hospitality of which Bishop Potter is accepting. George St. Julian Stephens, colored, a negro representative who, lives at Miller's Hotel, a negro hostelry, where Bishop Ferguson is also stopping during the convention, was authorized this afternoon by Bishop Potter to conduct Bishop Ferguson to his carriage when the colored bishop left the House of Bishops, in the State Capitol. Later, Bishop Potter and Mrs. Potter and Dr. Huntington, of New York, entered the carriage with Bishop Ferguson and were driven to Bishop Potter's residence, where dinner was served. This is the only occasion of Bishop Ferguson being entertained socially in Richmond. There were no other guests present so far as can be learned.

Bishop Potter's motive in thus setting at defiance in a southern city the customs of the south is not known, but if it was to gain notoriety he has succeeded most admirably—but the kind of notoriety he has thus acquired will soon become apparent to the bishop himself.

AS HERETOFORE stated, the advisability of taking action to prevent the "draws" in the railroad bridge across the Potomac from being opened for the convenience of every tug passing up and down the river, has again been brought to the attention of the Commissioners of the District of Columbia. It is suggested that the tugs plying between Georgetown and that portion of the river below the railroad bridges shall be compelled to have smokestacks working upon hinges, in such manner that they may be lowered to an angle, thus enabling the tugs to pass under the bridge without the necessity of the draw being opened. This method prevails on many of the rivers in this and foreign countries. The delay caused by the necessity of opening the draws for tugs towing sand scows is a source of chronic complaint, as it frequently happens that the entire traffic between the north and south is interrupted for many minutes at a time, thus unnecessarily delaying hundreds of passengers, especially those going from this city to Washington and the north.

THE POLITICAL unrest in India, resulting from an agitation in Bengal for self-government, has reached such a stage that the London Times finds it necessary to warn the British public of possible contingencies. The native press overflows with incitements to sedition. The loyalty of the native army is assailed by appeals designed to induce the men to turn their arms against the English. Riots are frequent, the barracks of the white troops have been attacked, and civilians pursuing their ordinary vocations are assaulted and killed. Trade is interfered with by an industriously pushed movement to boycott British goods. Native students and teachers in the schools established by the English help forward a propaganda of rebellion, and so fanatical is the spirit inculcated that editors and others sentenced by the courts for inciting to treason and violence are applauded by crowds as martyrs.

RT. REV. A. F. WINNINGTON-INGRAM, Lord Bishop of London, sailed for home on the steamer Celtic Thursday. He is a learned and cultured man, with attractive manners and pleasing address and made friends of all with whom he met while in the United States. That he is a man of discernment was proved by his frequent statements, that of all the places he had visited he felt more at home in Virginia than anywhere else.

THE republicans of Maryland, seeing defeat before them, charge that the democrats are acting in bad faith relative to agreements not to use money at the coming election. The charge by republicans of the use of money by democrats in elections is ridiculous. Why the republicans are on record as buying and stealing every office in the gift of the people from constable to President.

THE President has at last succeeded in killing a bear. It is now hoped that the would be funny caricaturists will now stop their bear efforts which long ago ceased to be amusing.

THE Massachusetts ballot law commission has decided that Henry M. Whitney, of Boston, was legally nominated for governor at the Springfield democratic convention. This is as it should be and it is hoped that the two factions in that State will now get together and help defeat the republican ticket as can be done with a united democracy.

Comptroller of the Currency Ridgeley has declined the offer of the presidency of the Mercantile National Bank of New York." Mr. Ridgeley is a son-in-law of Senator Cullom, of Illinois. His heart turns ever to the Windy City. Even the other day while explaining to friends that he had as yet received no offer from the Mercantile National Bank people, he said with considerable earnestness "I'd go to Chicago for half the money."

A determined effort will be made at the coming session of Congress to abolish the four negro regiments now in the army. Representative Garner, of Texas, introduced a bill to this end at the last session. It is learned now that Representatives Shackleford, of Missouri; Heflin, of Alabama, and Byrd, of Mississippi, will each introduce a bill of this character, this winter.

A LEGAL BATTLE OVER EXPOSITION.

As a forerunner of the legal fight over the Jamestown Exposition which has been looked for, the common and preferred stockholders at the Jamestown Exposition are now organizing for the purpose of protecting themselves. W. T. Barron, Abbott Morris and James B. Moss, three prominent Norfolk men, have been created a committee, and these gentlemen are asking all stockholders to join them to determine what liability there is for the unpaid assessments against both stocks; if liability exists, then to see that there is no discrimination; to ascertain the financial status of the Exposition at the close; to have an inventory and appraisal of the company's property, real and personal, and to take any steps deemed proper for the interests of the stockholders.

While this may mean much or little on the face of it, it is generally understood that it will result in a thorough investigation of the affairs of the Exposition Company from beginning to end, and that the money expended in the various departments will have to be accounted for.

It is known that when Mr. Barr took hold of the affairs of the company the books of the company were so bewildering as to need the services of an expert to glean any knowledge from them. It is alleged that there were thousands of dollars drawn from the treasury for which there were no vouchers, and it is declared that the financial management of the exposition was such that even the expert, when called in, was compelled to work blindly, because of the shape of the accounts.

While as yet there has not been heard a word against the honesty of the officials of the corporation, there is a firm belief here that there was gross carelessness, and as a result of that much money was expended needlessly. It is with the view of ascertaining just the real state of affairs that the stockholders are getting together, and there is every indication that there will be some interesting developments when the fair closes its gates.

DIRECTORS FORCED OUT.

In the confused and preplexed financial situation in New York created by the decline of the Heinze copper stocks the principal developments yesterday were the resignations of all the directors of the Mercantile National Bank at the instance of the clearing-house committee and the virtual assumption by the clearing-house of control over that institution. Negotiations for the institution of a new regime in the bank were commenced and there was a violent break in the stock market, due largely to the calling of loans by various banks. There were, too, revelations affecting the Heinze manipulation of United Copper.

William B. Ridgely, comptroller of the currency, was in New York for the first time since he was offered the presidency of the Mercantile National. He consulted with the officers in the Clearing-house Association, but at the close of the day declared himself still undecided as to whether or not he would accept the presidency. It was altogether probable, he added, that he would not reach a decision before Monday.

ALLEGED WIFE-MURDERER.

John W. Via, of Craigsville, Va., was taken to Staunton yesterday to await the action of the grand jury for the alleged murder of his wife, Clara Via. The tragedy occurred on Wednesday night, and the woman was found dead in her room, with her head fearfully mangled. It was then supposed that she had committed suicide, but subsequent developments pointed to murder, and suspicion centers strongly upon John Via, her husband, on account of Mrs. Via's frquent threat to leave him. At a preliminary hearing Via's nine-year-old daughter testified that "Papa had killed mamma." The coroner's jury rendered a verdict that the woman had met death by a gun, in the hands of John Via. Four young children survive the murdered woman, the youngest being only about seven months old.

Thirty coastwise tugs are idle in the waters of New York, Baltimore, Philadelphia and Boston because of the engineers' demand for additional help.

The equestrian statute of the late General Franz Siegel will be unveiled at One Hundred and Sixth street and Riverside drive, New York, this afternoon.

Herbert W. Allen, wealthy diamond importer, head of the firm of Herbert W. Allen and Co., of Chicago, died this morning from injuries sustained in an automobile accident.

At Decatur, Ill., last night, a jury acquitted Frederick Magill and his wife, Faye Graham Magill, of the charge of murdering Magill's first wife. The judge said that the State had failed to prove the charge.

A dispatch from Mazatlan, Mexico, says that a cyclone swept over a part of the territory of Topic, doing great damage and causing some loss of life. The town of Concepcion was completely destroyed. The giant Hamburg-American Line steamer, which Harlan & Wolff, of Belfast, will build, will be named the Europea. She will be of 48,000 tons, compared with the Lusitania's 32,500. She will probably be the last German line steamer to be built in Great Britain. It is expected that the new Vulcan yards in Germany will be finished before the proposed sister ship, Feuro, of the Europea, is laid down.

"There are 250,000 deaths annually as the result of mosquito bites,' said Dr. Edward A. Ayers, a member of the faculty of the New York Polyclinic, at a meeting in the New York Academy of Medicine yesterday. Dr. Ayers said five diseases were directly traceable to the bite of the insect. They are malaria, yellow fever, beri-beri, dengue, and filariasis. The government is eliminating the mosquito danger by draining swamp lands, he said.

Virginia News.

Miss Anna M. Hunsberger, of Clifton, daughter of Mr. and Mrs. A. H. Hunsberger, was married Thursday evening to Mr. William H. Dinges, of Front Royal, by Rev. William H. Edwards, of the Presbyterian Church.

The engament is announced of Miss Emma Herndon Alexander, daughter of John H. Alexander, of Leesburg, to George Franklin Buell, of Conway, S. C., son of Major and Mrs. P. B. Buell, of Herndon. The wedding will take place in Leesburg at the bride's home on Wednesday, October 30. They will reside in Conway, S. C.

A resolution calling for a special committee to investigate the advisability of revoking the charter of the Southern Bell Telephone Company in Richmond will be offered at the next meeting of the city council by Alderman Bennett. The ground for this action is the allegation that the corporation has failed to give the public satisfactory service.

Edward Knott, of Luray, shot and killed himself Thursday night, between 7 and 8 o'clock. Knott was employed at the Luray Tannery. He secured a .32-caliber revolver and, holding it against the top of his head, discharged the weapon, causing instant death. No cause is assigned for the deed. A remarkable feature of Knott's death is that he followed out in detail the suicide of one of his neighbors, and who he assisted in preparing for burial. He was about 40 years of age and is survived by a widow and four children.

C. G. Griffin, the father of a family, committed suicide in Richmond last night, leaving a wife and seven-months-old boy without means of support. Griffin swallowed two ounces of carbolic acid. Griffin removed to Richmond five years ago, married in Richmond, and had been employed as a driver for the Portner Brewing Company for the past two years. The room in which he died was sparely furnished, and this fact leads to the belief that straitened circumstances and inability to support his family caused his self-destruction. It is thought that his death was premeditated from the fact that his wife and child had recently been sent to Buffalo Lithia Springs.

ATTEMPTED SUICIDE.

R. T. Maddox, who lives in lower Loudoun county, and is now under indictment, charged with having criminally assaulted Mrs. Mary McCuen on September 17, Thursday tried to commit suicide by cutting his throat at Manassas. Mrs. McCuen, who was charged with being an accessory to the murder of her husband about two months ago, charged Maddox at the September term of the Fairfax court with felonious assault. Maddox was released on a $2,000 bail. Since then he has been drinking very heavily, and, it is alleged, has been using morphine excessively. It is supposed that brooding over his troubles, together with the morphine and whisky, unbalanced his mind. He conceived the idea that some one was coming to hang him Thursday at 2 o'clock and announced his determination of putting himself out of the way.

EPISCOPAL CONVENTION.

Rev. C. B. Wilmer, of Atlanta, rising to a point of personal privilege on the floor of the House of Deputies of the General Episcopal Convention in Richmond yesterday, denounced the attacks being made upon him because of alleged misinterpretation of his words upon the floor of the convention.

"A certain Atlanta newspaper, in a lengthy editorial," said Dr. Wilmer, "recommends that I be thrown out of the church. I denied the accusation and, even in the face of my denial, the paper refused to correct its mis-statements and continued to arraign me in sustaining its own publications."

According to Dr. Wilmer the statement printed in the psper advocating his removal from the pulpit was: "The Bible is the most fruitful source of infidelity in the world." Dr. Wilmer claims that his exact statement was: "Calling the Bible the Word of God is the most prolific source of infidelity in the world." Dr. Wilmer claims that the Bible "contains" the word of God.

Dr. Eccleston, of Maryland, chairman of the committee on canons, expressed a desire to explain to the house why he did not defend more vociferously the rejection of the "Revised Edition" in the debate Thursday night, in which the King James version of the Bible was reaffirmed as the standard of the church and in which the report of the committee on canons favoring the supplementary reading of revised versions was thrown out and an amendment accepted.

Dr. Eccleston expressed regret that some members of the house had become aggrieved at his accepting the amendment so quietly. He explained that the other members of the committee were absent at the presentation of the amendment, and that he felt that in speaking he would have done so from a personal standpoint and would have overstepped his authority.

Dr. Parks, of New York, read the report of the committee on the election of a board of missions to serve during the next three years. George H. Thomas, of Pennsylvania, was reappointed treasurer of the board and Rev. Arthur S. Lloyd was re-elected secretary. Dr. Grosvenor, of New York, objected to the report, in that it did not contain the name of the bishop of New York, and asked that that name be inserted, stating that this bishop had served on this board for 20 consecutive years.

Dr. Grammar, of Pennsylvania, asked whether or not the bishop had attended the meetings of the board. President McKim stated that that matter was one of a personal nature and was not before the house for consideration. The report of the committee as presented was adopted.

Bishop Rowe, of Alaska, informed the House of Bishops that he could not accept the appointment extended him transferring him to the missionary district of Western Colorado. The house immediately upon receiving the announcement went into executive session, choosing Rev. Edward Jennings Knight, of Trenton, N. J., to fill the vacancy occasioned by Bishop Rowe's refusal to accept the charge.

The response of Bishop Rowe was sent from Oakland, Cal., and his action, in view of the great severity of weather conditions in Alaska, is regarded by members of the convention as nothing less than heroic. Responses of gratitude were sent to him by both houses of the convention.

The organization of a board of missions, creation of a committee to draft a canon regarding suffragan bishops, and refusal of the House of Deputies to reconsider its position as to the standard Bible marked yesterday's sessions of the convention.

The bishops authorized the printing of the prayer book in the Spanish laugunga.

It was agreed that a committee, to consist of five clergymen and five lay delegates, be appointed to draw up a canon regarding suffragan dishops and to make their report at the next general convention.

The House of Bishops refused to consider its action regarding the question of a standard Bible. The house Thursday night voted overwhelmingly against permitting the use of the revised version of the Bible in the church services, and also by a large majority adopted an amendment to the constitution declaring the King James, or authorized version, to be the standard Bible.

The Rev. Dr. Oalisch, rabbi of Beth Ahabax Synagogue, in an address before the House of Bishops, extended the greetings of his church.

In its efforts to shed the light of Christianity among all classes, the Episcopal Church of America will do all in its power to bring within its fold such Jews as will hearken to its call or listen to the teachings of the word. It is stated by members of the convention that this work is more important than the work among the negroes, inasmuch as the Jews exert an influence upon this nation the importance of which cannot be estimated.

In the campaign which has been mapped out it is not proposed to ask the Jew to abandon his racial traditions and characteristics or to forsake his people, but it is asserted that neither Jew nor gentile can be saved without the mediation of Christ.

The matter came up in two or three different forms yesterday, all tending to the same end and all meeting with favorable consideration. A joint resolution from the House of Bishops asked that a committee be appointed to report on the work at the next convention. Another resolution partook somewhat of the nature of a spiritual invitation to "God's chosen people." This specifically stated that the Hebrew would be allowed to maintain his nationality and ancient customs and to admit his male children into the covenant of Abraham.

The report on memorials to deceased members, preceded by a prayer, was read by Rev. Frederick Du Rosset, of Springfield. Memorials were read from forty-four dioceses, containing the names of fifty members of previous conventions who had died within the last three years.

In both houses last night the sessions were devoted to routine business and the final disposition of minor questions, which had previously been presented to the convention.

The action of the House of Deputies, on discarding the action of the House of Bishops in accepting the resolution regarding the open pulpit, is considered most significant. The deputies agreed that the matter be referred to a committee on conference for report at the next convention.

The House of Deputies passed a memorial resenting the imposition of the federal government in its action toward the Filipinos, and in that they were under the protection of the United States government, and deserved to be treated accordingly. The question was raised from the advanced prices charged for certain materials in the Philippines, resulting from severe taxation.

The convention closed its sessions today to meet in Cincinnati in 1910.

Today's Telegraphic News.

Heinze Going West.

New York, Oct. 19.—Back to the Mines. This, it is asserted today, is the plan of F. Augustus Heinze, late "copper king" to rehabilate him and carry on his fight against opposing copper rivals. Heinze's fortune is shattered, his prestige gone, he is bitter against Wall street and financiers here are bitter against him. In view of these facts, it is said, he is determined to dispose of his New York holdings and go back to Montana where he expects his mines shortly to yield him enough to again face his old rivals on an equal footing. His sale of stocks he holds will yield him enough to carry on his large business enterprises in the west. For the present the crisis created by the copper crash still hinges about the Mercantile National Bank, the presidency of which Heinze resigned Thursday. It was reported in Wall street following a meeting of the clearing house committee this morning that the clearing house association has extended $1,100,000 relief to the Mercantile National Bank. This action is necessarily temporary.

Mysterious Shooting.

New York, Oct. 19.—Miss Clara H. Stewart, the beautiful young writer of successful short stories, is dying from a bullet wound near her heart at her father's home, 569 west One-hundred and Eighty-fourth street, where she is held prisoner today, with a detective constantly on guard, under a charge of attempted suicide. Mystery thrown about the shooting by the frantic efforts of the family to keep it secret has led the police to enforce a rigid investigation. The family told two stories. One was that she was unpacking a trunk when the revolver was discharged by accident. The other was that the girl was cleaning the revolver when it was discharged. Miss Stewart returned yesterday from an outing in the Maine woods with her mother. While there the revolver was presented to her by a young man.

Union to Fight Small.

Chicago, Oct. 19.—Although S. J. Small has given up the attempt to regain the presidency of the Telegraphers' Union, the fight against him will not cease, it is said. Those who have been planning to attack him in the special convention in Milwaukee next Wednesday are at work today to get evidence against him. Small, in his statement, conceded the executive committees' right to oust him. One of the things his opponents expect to produce in the convention is documentary evidence that his request for a vote on ending the strike was in both telegraph companies' hands two days before the union knew anything about it.

Race Troubles Feared.

New Orleans, Oct. 19.—Further race troubles are feared here as the result of a riot last night by negroes resulting in the death of one man and probable fatal injury of two others. Patrolman Campbell attempted to arrest a gang of negroes who became boisterous in front of a church, and was killed. The negroes then barricaded themselves in a house. They wounded Sergeant Wench and Corporal Dunn. Militia was then rushed to the scene, who smoked the negroes out, arresting five and wounding one. The police are threatening to even things up with the negroes.

Young Platt Has Typhoid Fever.

New York, Oct. 19.—Henry B. Platt, Senator Thomas C. Platt's son, is a typhoid fever victim. His wife died of the same disease three months ago. Heart-broken at his loss, young Platt declares himself quite willing to follow her. He has been beside himself with grief ever since his bereavement, and was found recently in the Owego cemetery, where she was buried, almost crazed by suffering. His father spends much time at his bedside.

Pet Magill Declared a Suicide.

Decatuer, Ill., Oct. 19.—On the court records its stand today that Pet Magill ended her own life, after willing her husband and her daughter to her dearest friend by her last letters. Fred Magill, the banker-husband, and Fay Graham Magill, the friend and bride, will journey westward to finish the honeymoon that was interupted by their arrest on the charge of murder.

Ban on Saturday and Sunday Marriages

Pittsburg, Oct. 19.—Bishop Canevin has placed the ban on Saturday and Sunday marriages of Catholics in the Pittsburg diocese. While this order is the result of the many scenes of disorder often ending in bloodshed at the weddings of foreigners, it will apply with as much force to English-speaking Catholics. It is also considered conducive to the better observance of the Sabbath, making it a day of worship instead of merry-making.

Says There Will Be No Panic.

New York, Oct. 19.—Is another 1893 panic coming? Are the tumbling stocks, bank reorganizations and all the rest of it the first signs of such a panic? These questions were submitted today by the United Press to a man who is a close and entirely cold-blooded student of business and financial conditions. He answered both questions in the negative.

Suicide of German Girl.

New York, Oct. 19.—Remorse for the thefts she had committed to assist her family which, she declared, was badly in need of money, drove Emma Weidman, a pretty German girl, employed as a domestic by Dr. David H. Agan, to end her life today. Her body was found this morning supended by a clothes line from a hook in the kitchen door. Emma was employed by Dr. Agan three weeks ago and was regarded with great favor. A week ago Mrs. Agan began to miss articles. When a detective was called in the girl broke down and confessed, saying the extremity of her family had led her to steal. The goods were recovered at her mother's home. Mrs. Agan declined to prosecute the girl, but told her she would have to leave today. Emma did, but it was the dead body of the suicide that was carried out by an undertaker.

Mr. Bryan at Atlanta.

Atlanta, Ga., Oct. 19.—Wm. J. Bryan addressed a large gathering at the fair ground here today. He announced before going to the grounds that he would not touch on politics from a personal standpoint, thus disappointing those who had hoped he would declare his intentions toward the presidential nomination. When asked who he considered the republican leaders in the coming political fight he said:

"They operate by guest work, and I am not a good guesser."

Mr. Bryan will be the principal speaker at a dollar dinner tonight.

Seeking Remedy for Trust Evil.

Chicago, Oct. 19.—Three hundred students of economy, millionaires, presidents of international organizations of manufacturers and laborers and representatives of States, are gathering here to find a remedy for the "trust evil." The congress was called by the national civic federation. Each State is expected to send a delegation of at least 15 prominent men.

Killed by Exploding Gas Tank.

New Hartford, Conn., Oct., 19.—An exploding gas tank at the Mount Vernon and Woodbury Cotton Duck Corporation's plant today caused the death of two men and probably fatally burned a third. The explosion was heard for miles and the building containing the tank was wrecked. The gas house proper was damaged and several buildings nearby shattered.

The President's Bear Hunt.

O'Haras Switch, Near Stamboul, La., Oct., 19.—President Roosevelt's bear hunt will come to a close this evening. Early tomorrow he will break camp at Bear Lake and ride to Stamboul, where he will be the guest of Mr. Leo Shields until Monday forenoon. Then he will start for Washington via Vicksburg, and Nashville.

Want Free Interchange.

Havana, Oct. 19.—The Agrigarian League had petitioned Governor General Magoon for "free interchange" between the United States and Cuba. The expression is interpreted to mean an "annexation." The petition expresses the commercial and producing classes' general dissatisfaction with present conditions.

New York Stock Market.

New York, Oct. 19.—The feature of the market during the first hour's trading was a demonstration that stocks were being steadily absorbed as liquidation progressed. There was some later closing of accounts, sales of this character being made on whatever bids appeared, resulting in declines ranging from 1 to a little over 2 points on a number of active issues. But as soon as this selling ceased, a recovery started and at the end of the hour the tone of the market was steady, with exceptional strength in stocks of which control is held by important banking interests. The room was still in a state of apprehension and brokers active in many of the leading issues continued to fear that some unfavorable factor is standing over the market. Just before the close the market as a whole turned weak and prices declined all along the list with Union Pacific down 2, Southern Pacific 1½, Reading 2¾, and Amalgamated Copper 3 per cent.

It is understood that the Board of Trade of Alexandria county will shortly call a mass meeting of the citizens of the county to discuss the advisability of taking steps towards effecting a change in the form of government of the county. It is proposed to incorporate the county.

Several criminal cases will be called for trial and several matters will be presented to the grand jury at the October term of the Alexandria County Circuit Court, which begins Monday, October 21. Among the cases which will be considered by the grand jury is that of Frank Hitchcock, who is charged with attacking Mrs. Susan M. Beach, wife of Reginald Beach, August 6 last, while Mrs. Beach was walking from her home in Washington district to visit a neighbor. Hitchcock is under bail in the sum of $10,000 for his appearance. Attorneys Machen and Mounce will appear in his defense.—[Monitor.

HOME COMING WEEK.

The Carnival parade last night was the climax of Baltimore's week of celebration and was enjoyed by at least 450,000 persons, the greatest multitude ever assembled in the streets of that city.

Thousands saw the regatta, swimming races and motorboat parade at Spring Gardens in the afternoon.

The old Baltimore and Ohio locomotive "Atlantic" was taken through the streets on a trolley car and attracted much attention.

It is estimated that, up to last night, 120,000 visitors had attended the celebration.

FINED FIFTY DOLLARS.

Shortly after ten o'clock last night Lieutenant Smith was notified that a strange white man, in a drunken condition, was in the yard of a residence on Cameron street, near St. Asaph. The lieutenant dispatched Officers Jones and Sherwood to the locality, and upon their arrival they found a man named W. L. Steinback, of Staunton, lying in the yard near the kitchen door apparently too drunk to stand. Officer Sherwood went to procure a conveyance, and during his absence Steinback became abusive to Officer Jones, saying he felt disposed to eviscerate him. The officer replied to the effect that he apprehended no overt act on his part, but hardly had the words left his mouth before the man, who had in the meantime taken a knife from his pocket, slashed at the officer, cutting through the knees of his pantaloons and underclothing, but, fortunately, merely grazing the skin. Officer Jones soon disarmed the man and later he and Officer Sherwood conducted him to the station house. It appears that Steinback came here yesterday for the purpose of visiting his sister, who is ill at her home on Wolfe street, and later drank himself drunk. Steinback was brought before Justice Caton in the Police Court this morning and fined $50. In default of payment he will serve 90 days in jail.

CHARGE AGAINST A YOUNG MAN.

A warrant was issued yesterday by Justice Cornell, of Alexandria county, for the arrest of a young white man of this city on the charge of stealing a chicken from the premises of Mrs. Mary Varney, in the county. The fowl was of the Plymouth Rock variety, and the offense is alleged to have been committed last Sunday. The accused was arrested last night by Officer Knight, and upon being taken to the station house he left his gold watch for his appearance this morning. The young man denies the charge urged against him. He says he was in Alexandria county on Sunday, accompanied by one of his children who was riding in a wagon drawn by a goat, when he purchased a Plymouth Rock chicken and placed it in the wagon. The fowl subsequently escaped and took refuge in Mrs. Varney's yard where he recovered it. The matter was compromised today by the young man surrendering the chicken and paying the costs of the warrant to the county authorities.

PROPERTY SALES.

Mr. S. H. Lunt sold at auction today for the trustees a lot of ground with improvements thereon situated on the east side of Pitt street north of Gibbon to Mr. Ernest L. Herbert for $300 and a lot of ground and improvements on the east side of Alfred street south of Wilkes to Mrs. Rose E. Downey for $625. Other property advertised to be sold by Mr. Lunt was withdrawn, as the indebtedness had been settled. Capt. R. F. Knox sold at auction a lot of ground on the east side of Lee street south of Church street to Mr. Park Agnew for $200, and a lot of ground south of Church street running into the Potomac river for $175 to Mr. Agnew; also a lot of ground on the south side of Greene street to Mr. M. B. Harlow for $175. Other lots advertised were withheld.

ALFRED ST. BAPTIST CHURCH.

Rev. D. Rivers, of Washington, accompanied by the members of his choir, will visit the Alfred Street Baptist Church tomorrow afternoon at 3 o'clock, where rally-day services will be conducted. The church has recently been refitted and greatly improved. The interior has been tastefully decorated and electric lights introduced. The rally-day services will be for the purpose of raising funds to aid in paying the balance due on the improvements. The exercises will be interesting and good music will be rendered.

WAS NOT SOLD.

The Shiloh Baptist Church (colored) which had been advertised to be sold at public auction today to satisfy a deed of trust, was not offered for sale, as arrangements have been made to meet the payments due the Mechanics' Building Association, No. 5.

DEL RAY AND ST. ELMO.

At a meeting held in Del Ray last night of citizens in that section of the county the committee appointed at a previous meeting to report concerning the incorporation of the two villages, Del Ray and St. Elmo, submitted a report recommending the incorporation of the two villages and the land lying between into a town to be named Potomac. Mr. J. E. Supplee presided and Mr. G. R. Thomas acted as secretary. The report was adopted and copies of the proposed charter of incorporation were order to be printed for distribution. The boundary lines of the proposed town are the old Georgetown road on the north, the electric railway on the west, the Washington and Alexandria turnpike on the east and Lloyd's line, in Del Ray, on the south. The Potomac railway yards are not included in the boundary.

BAPTIST CHURCH NOTES.

As announced a few evenings ago, there will be a roll call of the membership of the First Baptist Church at the morning service tomorrow morning. MEMORIAL TABLET.

At a recent meeting of the vestry of Christ Church a request from Mount Vernon Chapter, Daughters of the American Revolution, that permission be given for the placing of a tablet in Christ Church to the memory of the pallbearers of George Washington, was unanimously granted. The pallbearers were Colonels Charles Simms, Dennis Ramsay, William Payne, George Gilpin, Philip Marstell and Charles Little. It is understood that the tablet will be a handsome one, either of marble or bronze and is to be placed within the edifice on the west wall between the two doors.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

W. L. Steinback, charged with drunken and disorderly conduct and with assaulting an officer with a knife, was fined $50, or given 90 days in jail.

Ernest T. Dixon, colored, charged with disorderly conduct, had his case continued.

A young white man from this city, charged with stealing a chicken in Alexandria county, was turned over to Constable Cornell.

IN MEMORIAM.

In sad, but loving remembrance of our father, EMANUEL W. WEBB, who departed this life October 19, 1906—one year ago today.

We have lost our darling Father,
He has bid us all adieu;
He has gone to live in Heaven,
And his form is lost to view.
Oh, that dear one, how we loved him!
Oh, how hard to give him up!
But an angel came down for him
And removed him from our flock.

SUICIDE IN CHURCH.

With the words "Good-by, Era," Edward N. Kelly, a young woman, drew a revolver and fired a bullet through his head on the platform of the Apostolic Faith Church, in Seattle, Wash., Thursday night. The girl he referred to was sitting in the audience within 10 feet of the young man when he fired the fatal shot. Kelly died at the hospital half an hour later. Kelly, who was 19 years old, met Era Kestersen, a 15 year-old schoolgirl, at evangelistic meetings held in Seattle in the early part of September, and a week ago they became engaged. They were to have been married on Thanksgiving Day. As one of the speakers at the church finished testifying "in foreign tongues," which is part of the belief of this creed, Kelly arose with the words, "It is my turn next." He then started singing, "The Fire of Heavenly Love is Burning in my Soul." As the last words were finished he drew a gun, turned toward the girl, said, "Good-by," and fired the fatal shot.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequaled for croup and whooping cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Hard Times in Kansas.

MURPHY TO CONTRIBUTE.

Superintendent Belvidere Brooks, of the Western Union Telegraph Company, said yesterday in New York that the reports from a few sections continued to show that the telegraphers' strike is showing some signs of weakening and there is every evidence that the strike cannot continue long.

Every effort is being made by the strikers to raise money, and money is coming in through various sources. According to the strike leaders, they will be able to keep up the strike until election, which will be the crucial time.

It is said that Charles F. Murphy, of Tammany Hall, has issued orders to the Tammany clubs and organizations to make no contracts with the Western Union or Postal Telegraph companies until the strike is over.

Percy Taoman, who has charge of the strike in the east, also announced that Mr. Murphy would give $1,000 to the strike fund.
